Who are we? We're CHAPS: community health alliance for prevention & safety

Look, we don't care who you're sleeping with.

We just want you to do it safely.

CHAPS is a health program for young guys like you that can help you stay safe from HIV and other sexually transmitted infections (STIs). We operate in a judgement-free zone that allows you to be you, whatever your situation happens to be.

How we can help.

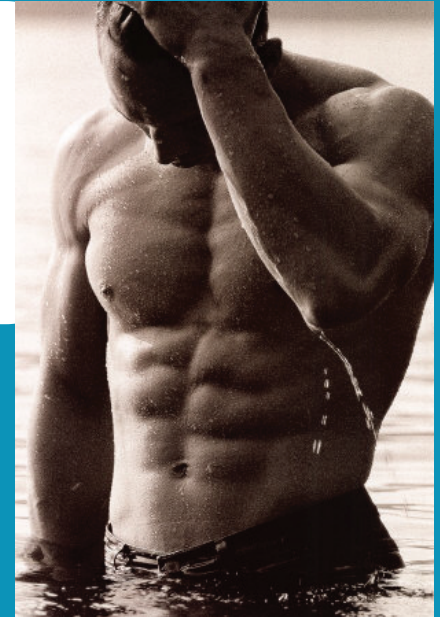

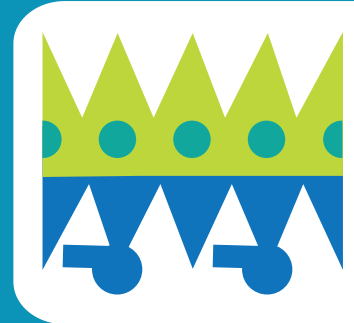

Talk to us one-on-one privately about your HIV & STI concerns.

Learn how to make safer sex fun in our workshops and "RubberWear" parties.

Know your status with a free rapid HIV test. We offer STI and hepatitis C testing too.

If you need additional help we'll refer you to the right place.

Free condoms and safer sex supplies.

Our only goals: keep you healthy, and make it as fun as possible.

We're here to:

educate you about HIV/STDs
lower your risk for contracting an STI.

help you protect yourself and your partners...
whoever they are.

boost your self esteem.
